

## Grading Practices

School: Princess Anne High School

Subject(s): Public Speaking I-II

Grade Level: 9-12

### Homework

- Homework is used for practice, to monitor student progress, and to drive instruction.
- Homework may be included in the formative grade; any assigned homework may lend itself to a quiz or a bigger assignment.
- Homework is purposeful and relevant; it may or may not be graded by the teacher.

### Late Work

- If a student desires a grade that will accurately reflect their achievement of a skill, they should submit all work on time.
- Academic penalties for late work will not exceed 20% of the grade for the assignment.

### Explanation of Zeroes

- A zero only exists in the gradebook if it represents a student's level of achievement (zero correct answers on an assignment).
- The student may be eligible for recovery options per teacher agreement due to circumstances.
- Missing assignments are entered as MI. MI (for missing assignment) is associated with a default score of zero, to be replaced once the assignment has been completed during the current nine grading period.

### Reassessment

- Students who have not been successful on a graded assignment may be offered options for academic recovery based on a process developed by the teacher.
- Summative assignments will be eligible for academic recovery.
- Students must complete the remediation process and demonstrate mastery prior to retakes and must be completed within two weeks.

### Make-up Work

- All missed work must be completed within two days of the student's return.
- Students must schedule a time to make up tests and quizzes after school or during a study block.
- If an assignment has been prior to an absence, students who are absent are still required to adhere to the assigned due date.

**Extra Credit**

**None.**
